RESUME

Tejitha Kristem

UI/UX designer who takes messy problems from research to a live product.

Web, mobile and AI-assisted builds.

EXPERIENCE

Where I've *been building*

FEB 2024 – PRESENT · BANGALORE

UX Designer *@ Deployd.io*

- Design web and mobile products end to end, from user flows to high-fidelity prototypes in Figma.
- Partner with product and engineering to turn requirements into intuitive, shippable solutions.
- Contribute to a shared design system that keeps every product consistent.
- Own the work from research to review, keeping the team in sync through every round of client feedback.

CLIENT WORK VIA DEPLOYD · JUN 2025 – JUL 2026 · REMOTE

VCloud Digital

Owned responsive WordPress and Framer websites for local business clients end to end: site architecture, navigation, SEO-focused content, forms and visual assets with AI-assisted workflows. Validated fixes directly with stakeholders and shipped many sites on tight timelines.

AUG 2022 – MAR 2023 · DELHI, HYBRID

Graphic Design & Comms Intern *@ Youth Alliance of India*

- Designed campaign materials, social media creatives and communication assets for audience engagement.
- Worked with cross-functional teams to plan content and deliver clear visual communication across channels.

JAN 2019 – MAR 2020 · HYDERABAD

Frontend Developer *@ Ojas Innovative Technology*

- Built responsive interfaces with Angular, HTML, CSS, Bootstrap and TypeScript.
- Joined usability discussions and user research, working across design and development to improve the UX.
